

# LETTER OF REFERENCE FOR ELIF BÖLÜKBAŞI

## ABOUT TECTREX AG

tectrex aims to revolutionize institutional real estate investments and trading, starting services primarily for institutional investors.

The company will offer a holistic ecosystem for standardized digital securitization of institutional real estate investments. Forming a joint liquidity pool with 360X, tectrex will provide adjacent offerings such as market data, analysis tools and KPIs. The tectrex platform will integrate all features necessary for secure and diligent digital real estate investments within a fully compliant and regulated set up.

## POSITION: WORKING STUDENT UX/UI DESIGN (M/F/D)

Ms. Elif Bölükbaşı worked in our company as a UX/UI Designer from Augst 1<sup>st</sup> 2023 until September 30<sup>th</sup> 2023.

In this position, Elif was responsible for the development of wireframes, click dummies, mockups, user flows and visual designs. She also took over the creation of UX/UI designs and assisted in the development and design of innovative user experience concepts. In addition, she was responsible for the documentation of concepts.

Elif always performed her duties to our fullest satisfaction. Her work results were always of high quality and characterized by high creativity. She quickly familiarized herself with new topics and was able to quickly grasp complex interrelationships.

Elif has always proven to be a reliable and committed employee. Her behavior towards superiors, colleagues, and customers was always exemplary. She distinguished herself by a high level of commitment and was also resilient in stressful situations. Her communication skills were excellent, both in written and verbal form

We regret Elif's departure from our company very much and wish her all the best for her professional future.
